

ROBOTICS 24/7 2024 EDITORIAL CALENDAR

CONTENT CHANNELS	JANUARY	FEBRUARY	MARCH	APRIL	MAY	JUNE
Special Focus Issues		Robots Enable More Efficient Reverse Logistics		Collaborating With Robot Arms, Platforms		Orchestrating Mobile Robot Fleets for Success
Robotics 24/7 Roundtable Webcasts	Robots and AI Open New Applications		How Small and Midsize Businesses Can Get Started With Robots		The Zen of Robotic Piece Picking	
WEBSITE COVERAGE						
Supply Chain	Robots and Drones for Inventory	Self-Driving Trucks Add Routes	Adding Automated Storage and Retrieval	Adding Supply Chain Robustness With Robots	Palletizing Now Within Robots' Reach	Robots Take to Loading Docks, Yards
Manufacturing	Automotive Electrification and Automation	Cobots Tackle Machine Tending	Robotics and Process Management	Robotic Welding Gets Hotter	Automating Quality Inspection	Dialing Robots for Production Volume, Variety
Technologies, Other Features	2024 Predictions	Autonomous Vehicles	Simulation and robotics	State of Mobile Manipulation	Advances in Interoperability and Standards	Open Source for Robots in the Real World
2024 Events		Manifest	MODEX, GTC	Hannover Messe	Automate, Robotics Summit & Expo	Intelligent Automation Week

CONTENT CHANNELS	JULY	AUGUST	SEPTEMBER	OCTOBER	NOVEMBER	DECEMBER
Special Focus Issues		Machine Vision to Increase Robot Precision	Robots as Mobile Data Platforms	Robotic Picking and Packaging With Precision		The Process of Robot Integration
Robotics 24/7 Roundtable Webcasts	2024 Robotics Applications Conference		Goods to Person Automation Gets Variations		How to Scale Fleets of Mobile Robots	
WEBSITE COVERAGE						
Supply Chain	Monitoring Robot ROI	Autonomous Deliveries Climb	3PLs Increase Robot Adoption	Robots Add Speed, Precision to Sorting and Packaging	Bin Picking With Robots	Kitting, New Consumer Models, and Robotics
Manufacturing	Energy, Efficiency, and Robots	Robots Plus Additive Manufacturing	Food Processing, Preparation by Robots	Agriculture Robots Promise to Feed the World Sustainably	Packaging Gets Even More Automated	Sustainability With Robotics
Technologies, Other Features	Robots in Healthcare	Using Collaborative Mobile Robots	Education and Training for a Future With Robots	Reducing Complexity With Surgical Robotics	Humanoid Robots Take More Steps	Year's End Recap
2024 Events	Robotics Applications Conference?		Fabtech, IMTS	Hannover Messe	RoboBusiness, Next Gen Supply Chain
