

# ROBOTICS 24/7 EDITORIAL CALENDAR

CONTENT CHANNELS	JANUARY	FEBRUARY	MARCH	APRIL	MAY	JUNE
Supply Chain	How to Choose a Mobile Robot Supplier	Picking Robots Pick Up Speed and Accuracy	Warehouse Management and Robot Fleets	Palletizing Robots Do the Heavy Lifting	Coordinating Robots and People for Fulfillment	Grocers Look to Automated Storage and Retrieval
Manufacturing	Cobots and the Factory of the Future	Automation to Build Next-Gen Vehicles	Robotic Welders Relieve Labor Shortage	Machine Tending with Cobots	Integrators a Key Part of Robot Deployments	3D Printing Reshapes Industry
Technologies, Other Features	Why Humanoid Robots Are Nothing to Fear	Exoskeletons Enter Industrial Use	Robots, Retraining, and Reshoring	Advanced Motors Enable New Applications	Machine Learning and Robots in Context	Perception Provides Precision for Autonomy
Special Focus Issues	Software and AI Enable Automation Success		Collaborative Robots Bring Productivity		Managing Mobile Robot ROI	
Hot Seat Webcasts		Managing and Optimizing Fleets of Mobile Robots		Mobile Robots Offer Flexibility for Manufacturing		Evaluating Cobots vs. Industrial Robots

CONTENT CHANNELS	JULY	AUGUST	SEPTEMBER	OCTOBER	NOVEMBER	DECEMBER
Supply Chain	Autonomous Trucks Roll Out	Taking Stock with Robots and Drones	Robots Bring Deliveries to the Last Mile	Maximize Throughput with Mobile Robots	Robots Help Meet Holiday Demand	Scaling Supply Chains with Robotics
Manufacturing	Soft Robotics for Food Handling	Aerospace Manufacturing and Automation	Reshoring Production with Robots	Robotics in Electronics Manufacturing	OEMs Adopt AI to Direct Workforce	Industry 4.0: A Progress Report
Technologies, Other Features	Robots Build for Success in Construction	Where Are Legged Robots Going?	The Race for Robotaxis and Autonomous Shuttles	Robots From Farm to Table	Drones, Data, and Robots as a Service	Making Mobile Manipulation a Reality
Special Focus Issues	Precision and Automation in Manufacturing		Motion Control and Vision Drive Collaborative Applications		Mobile Robots Address Constant Peak Demand	
Hot Seat Webcasts		Robotics Accelerates Retail Digitization		Evaluating Automation for E-Commerce		Robotic Piece Picking with Machine Vision

## EXECUTIVE CONTACTS

**Group Publisher/  
International Sales**  
**Tom Cooney**  
tcooney@peerlessmedia.com  
973-214-6798

**President and CEO, Peerless Media**  
**Brian Ceraolo**  
bceraolo@peerlessmedia.com  
508-663-1553

**Editorial Director**  
**Eugene Demaitre**  
edemaitre@peerlessmedia.com  
508-380-5457

**Office Manager**  
**Laurel Peddie**  
lpeddie@peerlessmedia.com  
508-663-1559

## SALES

**Western Regional Manager**  
**Len Pettek**  
lpettek@peerlessmedia.com  
805-493-8297 office  
805-231-9582 Mobile

**Midwest/Eastern Regional Manager**  
**Michael Worley**  
mworley@peerlessmedia.com  
508-663-1561

**Advertising & Support Specialist**  
**Michele Mittenzwei**  
mmittenzwei@peerlessmedia.com

## CLIENT SERVICES

**Director of Client Services**  
**Mary Ann Scannell**  
mascannell@peerlessmedia.com  
508-663-1560

**Director of Marketing**  
**Karen Bligh**  
kbligh@peerlessmedia.com  
508-663-1550

**Director Content Management**  
**George Kokoris**  
gkokoris@peerlessmedia.com  
508-663-1555

**Director Online Technology**  
**John Brillon**  
jbrillon@peerlessmedia.com

**Webcast Project Manager**  
**Steve Paul**  
spaul@peerlessmedia.com  
617-281-7125

Peerless Media is the leading provider of independent business content and information serving the supply chain, robotics and design engineering industry. Through our flagship multi-media brands, *Logistics Management*, *Supply Chain Management Review*, *SupplyChain247.com*, *Modern Materials Handling*, *Material Handling Product News*, *MaterialHandling247.com*, *Digital Engineering*, *DigitalEngineering247.com* and *Robotics247.com*, we offer unparalleled B2B coverage via publications, websites, newsletters, conferences, and research. Peerless Media also provides custom content and research through our independent business units, Peerless Content Creation and Peerless Research Group.
